

Table of Contents

New Progress in the Etiology of Cervical Cancer	1
<i>Lili Xuan, Xiaojun Liu</i>	
The effect of emergency nursing intervention on the recovery of patients after cardiopulmonary resuscitation	5
<i>He Xing, Han Xue</i>	
Nursing Analysis of Patients with Uremia Complicated with Heart Failure Treated with CRRT	10
<i>Yingying Liu, Qi Jiang</i>	
Study on the Clinical Effect of Chinese and Western Medicine Combination Based on Text Mining Technology in the Treatment of Ascites due to Liver Cirrhosis	15
<i>Tan Fei, Yang Ying, Yang Xinzheng, Zhao Ling, Yang Linyuan</i>	
Analysis of factors affecting the activity of several major soil enzymes	21
<i>Guo Qian, Qiu Liping</i>	
Ultra-high sensitivity chromosomal instability monitoring in UCMSC anti-kids monkey aging	28
<i>Ning Huang, Zhaojuan Ruan, Fei Shi, Gaomiyang Liu</i>	
Research Progress in Amyotrophic Lateral Sclerosis	34
<i>Xiaoyue Wen, Yongqin Zhou</i>	
Isolation of Tea Brown Pigment from Pu'er Tea and Its Balance of Human Metabolic Function	39
<i>Shan Zhiguo, Zhang Chunhua, Qiang Jiye, Man Hongping</i>	
Effects of Tea Leaf Blight on Physical and Chemical Composition of Tea in Yunnan	45
<i>Shan Zhiguo, Zhang Chunhua, Qiang Jiye, Man Hongping</i>	
Study on the Pathogenic Conditions and Mechanisms of Yunnan Tea Moire Leaf Blight	51
<i>Shan Zhiguo, Zhang Chunhua, Qiang Jiye, Man Hongping</i>	
Clinical Study of Urinary Granules Assisted By Low Frequency Hemoperfusion Combined with Hemodialysis in the Treatment of Pruritus in Uremic Patients	57
<i>Xie Hongxia, Pang Xin, Zhang Yan</i>	
Traditional Chinese Medicine Treatment for Prevention and Treatment of Diarrhea in Children	62
<i>Wang Shuling, Hou Jianghai</i>	

Mechanical Properties and Preparation Process of Bio-Based Degradable Polyurethane	67
<i>Zhang Hongyuan, Sun Dawei, Cao Tieping</i>	
Nursing strategies for patients with alcohol dependence during withdrawal period induced by environmental clues	71
<i>Yanhua Zhao</i>	
Analysis of applied nursing care of injury control in the orthopedic department of emergency trauma	79
<i>Zhang Yanjie, Li Hongqin, Liu Yan</i>	
Research on the application of nutrition support therapy combined with nursing in patients with severe cancer	83
<i>Zhao Xiaoming, Jia Yanxu, Zhang Yao, Peng Yi</i>	
Research on Competency of Foreign Clinical Psychologists Based on Innovative Thinking	87
<i>Huaxi Yin, Wenli Wu</i>	
Effect of emergency nursing process on emergency treatment efficiency of patients with acute cerebral infarction	92
<i>Zhang Fengling</i>	
Application value analysis of humanized nursing mode in operating room nursing	96
<i>Zhang Chao, Jiang Nan, Li Liqun, Tang Wan</i>	
The Study of Development and Application of Medical Technology from the Perspective of Ethics: Comments on Medical Ethics	100
<i>Shuguang Han, Xiangqin Han, Wei Chen, Yang Yuxi, Li Chen, Jinping Han</i>	
Analysis of drug resistance of Acinetobacter baumannii in burn wound infection	104
<i>Zhang Qinglan</i>	
Application of Immuno-Printing Method in the Identification of Astragaloside IV in the Active Ingredients of Traditional Chinese Medicine	108
<i>Fu Hong, Chen Yunlong</i>	
Application Analysis of Comfort Nursing in Replantation Nursing of Severed Finger	113
<i>Yu Wenjun, Liu Hong, Sha Yingli, Gao Fenghui</i>	
Analysis on risk management of orthopedic care after trauma	118
<i>Fu Weiwei, Liu Yan</i>	
The Exploration of Rapid Rehabilitation Surgical Model in Quality Care of Orthopedic Trauma	122
<i>Kan Shuangshaung, Liu Yan</i>	
The Effect of Emergency Nursing Intervention on the Recovery of Patients after Cardiopulmonary Resuscitation	126

He Hang, Han Xue

Study on Perioperative Comprehensive Nursing Method and Clinical Effect of Radical Operation for Thyroid Cancer Patients 131

Liu Duo, Yang Lixin, Sun He, Liu Hong

Application of focused resolution model in improving quality of life and emotional state of patients with laryngeal or hypopharyngeal cancer 135

Liu Hong, Yu Wenjun, Yang Lixin, Sun He, Liu Duo

Application humanized nursing mode in operating room nursing 140

Liu Yang, Sun Yu, Cheng Yanli, Zhang Li

Analysis on the effect of nursing intervention on limb function recovery in elderly patients with cerebral apoplexy hemiplegia 144

Ma Jing, Xu Yan, Wang Xiaohui, Zhang Xiaohong

Study on Venous Thrombosis Caused By Peripheral Venipuncture in Patients with Acute Leukemia 149

Peng Yi, Liu Li, Quan Jinyu, Zhao Xiaoming

Observation and Nursing Analysis of the Curative Effect of Combining Chinese and Western Medicine on Children Nephrotic Syndrome with Hypercoagulability 153

Song Huali, Li Hongmei, Lv Yingxue, Li Nannan

Research on Application Effect of Comfortable Nursing Method Based on Content Analysis in Operating Room Nursing 158

Feng Zhao, Linlin Li, Yanxia Qin, Xueying Zhou

Analysis on the Effect of Operating Room Nursing Based on Simulated Teaching of Wound Infection 163

Feng Zhao, Jing Guo, Yan Zhao, Shuo Li

Clinical Symptoms and Intervention Analysis of Autistic Patients——Based On Investigation of Autistic Patients in Beijing 167

Xinran Wang, Yiqian Liu, Boyu Wang, Mengchen Wang and Junjiao Sun

Prevention and nursing analysis of complications of bladder perfusion after bladder tumor surgery 174

Song Yiju, Zhao Xiaoming, Jia Yanxue, Peng Yi

Application value analysis of nursing intervention in nursing of senile vaginitis 179

Yan Yan, Zhang He, Qu Xiaomei, Piao Li

Application research of humanized nursing in radiotherapy nursing of senile esophageal cancer 183

Zhang Yu, Chen Yulei, Sun Yanan, Wu Jie

Clinical nursing effect analysis of high quality nursing for patients with orthopedic artificial joint replacement	187
<i>An Lina, Gu Shanling, Zhang Xiaoyan, Xu Yan</i>	
Prevention and clinical nursing of pulmonary complications in rheumatic immune diseases	192
<i>Gao Xin, Ma Shu</i>	
Application analysis of diversity nursing in the nursing of diabetes combined with coronary heart disease	196
<i>Wang Shuli, Jin Lili, Jiang Sai, Zhang Guangwei</i>	
Application of continuous nursing model in chronic disease nursing of the aged	201
<i>Yan Xue, Dong Wei, Cao Jinglin, Huang Weixin</i>	
Clinical refined nursing in the elderly reflux esophagitis nursing application value	206
<i>Lin Chunmin, Wang Xiaowei, Huang Lihong, Song Dandan</i>	
Study on the influence of continuous nursing on the compliance and quality of life of elderly patients with gastric ulcer	211
<i>Song Dandan, Shi Li, Wang Wei, Lin Chunmin</i>	
Nursing experience and effect analysis of laparoscopic fenestration of hepatic cysts	216
<i>Zhang Hongmei, Chi Hui, Wang Chunli, Yu Ying</i>	
Under the Background of Population Aging, Research on the Development Path of Deep Fusion of Sports and Medicine	221
<i>Hui Yang</i>	
The Response of Antioxidant Enzyme Activity to Streptococcus Agalactiae Infection in Zebrafish Intestine	226
<i>Hongwei Li, Yongqiong Wang, Man Zhang, Qilin Zhang</i>	
Interleukin 21 promotes the migration and invasion of breast cancer cells through regulating PI3K/AKT signaling pathway	229
<i>Xinbin He, Hongmei Jiang, Chong He, Guoxiang Sun, Jiandong Yang, Lei Wang, Kaige Zhang</i>	
Analysis of Potentially Antibacterial Components of Lactic Acid Bacteria against Staphylococcus Aureus	235
<i>Hongwei Li, Qilin Zhang</i>	
Case of Treating Advanced Prostate, Bladder Double Primary Cancer with Anlotinib and Literature Review	238
<i>He Xinbin, He Chong, Sun Guoxiang, Jiang Hongmei, Xiao Yongjun, and Hu Qilong</i>	
Isolation and Identification of Lactic Acid Bacteria Inhibiting Staphylococcus Aureus	243
<i>Hongwei Li, Qilin Zhang</i>	

Study on illness uncertainty and its influential factors among coronary heart disease inpatients and family caregivers	246
<i>Feng Feng, Gu Lixue</i>	
Humanized nursing evaluation of neurosurgical patients	250
<i>Yamei Xiao</i>	
Traditional Chinese medicine orthopedic rehabilitation treatment for senile osteoarthritis	254
<i>Zike He, Kaifei He, Shangzeng Wang</i>	
Clinical Study on 320 Cases of Senile Osteoarthritis Treated by Traditional Chinese Medicine Orthopedics	257
<i>Zike He, Kaifei He, Shangzeng Wang</i>	
Study on the Influence of Changes of Coagulation System on Pregnancy Outcome and Relationship between Changes of Coagulation System and Premature Delivery for Parturients with Gestational Hypertension before Labor	260
<i>Zhu Peijing</i>	
Preliminary Exploration on the Treatment of Patients with Severe Multiple Injuries in Trauma Center with Multidisciplinary Cooperation Mode	265
<i>Zhou Qiongfang, Li Xiaoyun, Wen Die, Du Yong, Qiao Wei, Hao Mingjin, Xu Fei, Nie Yuqi</i>	
Anatomical characteristics and significance of recurrent laryngeal nerve in thyroid surgery	268
<i>Yan Shaoxiong, Shen Shiheng</i>	
Medical treatment and efficacy of severe heart failure in the elderly	271
<i>Shen Shiheng, Yan Shaoxiong</i>	
Psychological and Mental Factors of Emotional Stability in Patients with Primary Premature Ejaculation	274
<i>Shuhong Wang, Shunde Wang, Hang Li, Mengling Xie, Tengbo Long, Xiaoxia Li</i>	
Characteristics and Nursing Research of Adverse Drug Reactions in Elderly Patients in Aged Care Organizations	278
<i>Zhu Bin, Zhang Yonggang</i>	
Study on the effect of nursing intervention in acute gout arthritis	282
<i>Sun Lixue, Sun Xinhui, Chen Yangyang, Ma Shu</i>	
Analysis of effect of nursing intervention on rehabilitation of children with bronchial pneumonia	287
<i>Chang Yanfen</i>	
Discussion on the comprehensive effect of PDCA nursing model in children bronchopneumonia	292
<i>Yu Zhuo, Li Deili</i>	

The influence of strengthen health education to the rural Left-behind elderly patients with type 2 diabetes in Guangyuan city of Sichuan province	297
<i>Feng Yu, Liu Ruian, Xu Qiuying</i>	
Retrospective study of Multivariate Meta-analysis and A Case analysis of Nintedanib	306
<i>Ziyue Liu</i>	
Nursing intervention on the rehabilitation effect of patients with prostate cancer after electrocision	316
<i>Bai Jing, Liu Min, Guan Jingjing</i>	
The prevention and treatment of lower extremity venous thrombosis after gynecological tumor operation by exercise intervention	321
<i>Zhang Li, Sun Linlin</i>	
Analysis on the application of prospective nursing management in the prevention of unplanned extubation of trachea intubation in ICU	325
<i>Bai Nabuqi, Tang Jing</i>
