

Table of Contents

Research on rapid qualitative detection of bismuth in pyrotechnic powder used for fireworks and firecrackers	1
<i>Wu Junyi</i>	
The Discussion on Quality Control Measures for Municipal Engineering Construction	6
<i>Shufang Li</i>	
Exploring the Influence of Landscape Architecture Design on the Reduction of Atmospheric Pollution	11
<i>Yanrong Bai</i>	
Analysis on Preparation and Properties of Waterborne Epoxy Emulsified Asphalt Mixture	16
<i>Jianguo Sun, Yujie Chen, Hongyan Yin, Qiuyun Wang</i>	
Discussion on the Application of Instrumental Analysis Technology in Environmental Inorganic Analytical Chemistry	21
<i>Hou Fang</i>	
Research on Construction Technology Control of Concrete Permeable Pavement in Sponge City Construction	27
<i>Zhao Junjie, Zhu Yuanli</i>	
Research on Sequentially Controlled Hot Runner Injection Molding for Led Tv Rear Panel	31
<i>Qiuli Li, Yan Li, Hailin Li, Hui Luo, Yonghao Zhao</i>	
Study on the Safety Evaluation of Prefabricated Building Construction	38
<i>Chao Fan</i>	
Study on the Construction Period Risk of Long-Span Bridge	42
<i>Xiuyong Ni</i>	
Study on Energy Conservation of Urban Buildings and Green Development Strategy in Lanzhou	46
<i>Yang Linping, Liu Hao</i>	
Discussion on Construction Management and Progress Control of Building Engineering	50
<i>Wei Xi, Zicheng Zhang, Bing Zhou</i>	
The Embodiment of Regional Culture in the Planning and Design of the Scenic Spot of the Nujiang Grand Canyon Bathhouse	55
<i>He Jin, Nan Zhang</i>	

Research on Performance Optimization Method of Cold Work Mold Material	61
<i>Zhu Ximing,</i>	
Research on Design and Selection of Large-Span Steel Structure Based on Performance Environment and Its System Optimization	66
<i>Zhen Zhou, Linglong Zhao</i>	
Study on the Construction Planning of Liangshan Yi Characteristic Villages and Towns Based on Regional Culture	71
<i>Yaoyao Zhang</i>	
Analysis on Construction Technology and Quality Control of Large Span Space Steel Structure	76
<i>Qiang Li, Bingxin Wei</i>	
Preliminary Analysis of Building Safety and Construction Technology in Mine Goaf	82
<i>Li Xinfan</i>	
Research on the Influence of Green Building Materials on the Early Crack Resistance of Concrete Based on the Lifetime Durability	87
<i>Guang Yang, Wenna Ma, Liemeng Bi, Congyi Li, Yu Yang</i>	
Research on Bridge Engineering Construction and Quality Control	92
<i>Wan Jinxia</i>	
Research on Green Reconstruction Design of Existing Industrial Buildings Incorporating Intermediary Space	97
<i>Jiang Junjun</i>	
An Analysis of Foundation Treatment Technology in Housing Building Construction	100
<i>Yongqian Liu</i>	
Key Technology of Mass Concrete Pouring in Construction Engineering	103
<i>Yongqian Liu</i>	
Research on Innovation Strategy of Residential Interior Design under Low Carbon Concept	106
<i>Zhou Feng</i>	
Plant Landscaping Techniques in Rural Landscape Design in Western Sichuan	111
<i>Xueyang Li, Xiaozhao Cao</i>	
Application of New Architectural Decoration Materials in Interior Environment Design	115
<i>Chen Yunlei, Jiang Qi</i>	
Study on the Properties of Nitrogen-doped Nano-TiO₂ Photocatalytic Composites	119
<i>Hexiang Chen, Chumbao Zhao, Jun Zhang, Xianzhong Zhu</i>	
Optimization Effect Analysis of Large-scale Building Engineering Based on Building Information Model	123
<i>Shaokun Wang</i>	

Research on Energy Saving Application of Small High-rise Office Building Based on BIM Model	128
<i>Sha Liu</i>	
Application of Green Building Design under BIM Technology	133
<i>Na Xiong, Fangyan Yu, Fei Li, Liang Chen</i>	
The Role of Underground Pipelines in Municipal Power Engineering	138
<i>Yaning Sun</i>	
Application of New Technology and Environmental Protection in the Construction of Water Conservancy and Hydropower Projects	143
<i>Tao Zhang</i>	
Study on Sustainable Development Strategy of Civil Engineering	148
<i>Lina Lu</i>	
Seismic Performance of Column Joints with Restorable Functional Assembly Type Beam Column	152
<i>Hemin Liu</i>	
Quality Control Measures in the Construction of Water Supply and Drainage Pipes in Municipal Engineering	156
<i>Yaning Sun</i>	
Analysis on Characteristics of Plant Landscape Design in Modern Urban Landscape Design	160
<i>Fanyu Lei</i>	
The Application and Discussion of Three-arm Rock Drilling Platform in Highway Tunnel Excavation	164
<i>Xingjun Xu, Weisong Zhuo</i>	
Research on Application of Bim Technology in Precast Concrete Structure Design	169
<i>Minmin Zhu, Jinghong Wu, Lingtao Xia, Lili Xu</i>	
Safety Management and Safety Control Analysis of Water Conservancy and Hydropower Projects	174
<i>Tao Zhang</i>	
Fluidization Characteristics of Nanoparticles With High Packing Capacity	179
<i>Jun Li</i>	
Research on rapid qualitative detection of mercury in pyrotechnic powder used for fireworks and firecrackers	185
<i>Wu Junyi</i>
