Table of Contents

Application of "split class" mode in the teaching of outline of modern Chinese history in Colleges and Universities 1  
Wang Chao

Research on the Effectiveness of Art Songs Teaching for Vocal Singing Majors in Universities 6  
Junxia Liu

An analysis of the expected marriage and love age and its influencing factors of undergraduate students in Shandong — a case study of Yantai campus of China Agricultural University 11  
Liang Yan, Xiaoning Tian, Zixi Bian

Analysis of Influencing Factors of Import and Export Based on Neural Network Gray Prediction 18  
Weiyi Yang, Yanru Liu, Yifei Xin

Research on Welding Temperature Based on Unsteady Thermal Convection 23  
Wenbo Li, Yuxin Li, Qiaomu Wang

Measuring the Higher Education System 29  
Kexin Luan, Qing Sun, Zhenxin Song

Design and implementation of Asset Evaluation upgrade Model based on Principal component Analytic hierarchy process 34  
Yadong Lu, Chen Ai, Shuyu Xie

Teaching research on Hull Structure and Grapaping based on virtual simulation 39  
Guochun Lu, Hongbin Gui

Design Strategy of Urban Complex Based on Innovation and Sustainability- Taking Beijing Contemporary MOMA, Hong Kong Taikoo Shing And Singapore Interwoven Residences as Examples 43  
Yingxin Wu, Yilin Xu, Kejia Zhu

Emergency Prevention and Control of Urban Traffic Under the Background of Pandemic 49  
Binyu Xiong, Canfeng Song, Bochuan Zhao

"Non-grain" Characteristics of Cultivated Land in Taihu Lake Basin - Taking Village D in Jiangsu Province as an Example 55  
Bochuan Zhao, Binyu Xiong, Canfeng Song
Study on the Long-term Mechanism of Green Poverty Reduction in Poor Villages Based on the Concept of Shared Development

Yongliang Wang, Yang Jiang, Jing Cai, Nan Zhang

Value Orientation and Realization Path of Ecological Poverty Alleviation Based on Green Poverty Reduction Concept

Yongliang Wang, Yang Jiang, Jing Cai, Nan Zhang

The Development of Social Planning and Urban Planning Thought in Modern Nantong

Canfeng Song, Bochuan Zhao, Binyu Xiong

Present Situation and Development of Contemporary Home Office Architecture of SOHO Mode

Kejia Zhu, Yingxin Wu, Yilin Xu

Redesign of Industrial Heritage Space Based on Spatial Experience

Yilin Xu, Kejia Zhu, Yingxin Wu

The Impact of Short Selling Constraints on Stock Pricing Efficiency

Yan Zhou, Sai Wang, Jiawei Hao

Little Swan’s "T+3" Model's Impact on Working Capital

Tao Hua

Research on Cost Control of Enterprise Supply Chain——Taking ZARA as an Example

Xinrui Song

Reform and practice of construction engineering under background of engineering education accreditation

Jingwen Wang, Wei Wang

Research Hotspots and Evolutions of SSCI Literature in Economics—Based on Keywords

Bai Bing

Analysis of the linkage between Chinese crude oil futures and international crude oil price——An empirical analysis based on VAR model

Yadi Li

Analysis of Productive Authors’ Co-authoring Relationship in Economics

Qiqi Jiang

Research on the Influence of Investor Sentiment Based on Principal Component Analysis on Shanghai Composite Index

Danya Tang

Research on Subject Hot Spots Based on Keyword Co-occurrence Analysis and Social
Network Analysis——Taking Economics for Example

Linrui Li

Research on Cost Management of E-commerce Enterprises Based on Value Chain——Taking Suning Tesco as an Example

Chunyi Zhao

Research on the Influence of Green Credit on the Profitability of Chinese Commercial Banks

Xiaoyi Chang

The dynamic correlation between oil price shocks and Chinese stock market—Decomposition of oil price shock based on SVAR model

Wen Zhao

An analysis of the influence of post act factor structure on the intellectualization of criminal case adjudication

Wei Lei

Study on regional competitiveness differentiation of Shandong Peninsula Urban Agglomeration

Jia Cui, Shengyu Xu
