

Table of Contents

| | |
|---|-----------|
| Research on rapid semi-quantitative determination of mercury in pyrotechnics used for fireworks and firecrackers | 1 |
| <i>Wu Junyi, Weng Shihao, Li Yun</i> | |
| Practice of Tapping Potential of Remaining Oil near Faults under Dense Well Conditions | 6 |
| <i>Cong Huang</i> | |
| A Brief Talk on the Description Method of Residual Oil in Thick Reservoir | 10 |
| <i>Li Hai Xu</i> | |
| Application of Fracture Development Recognition in Fuyang Reservoir of Daqing Oilfield-Low Permeability Reservoir-A Development Zone in Integral Fracturing Completion | 16 |
| <i>Hong WANG</i> | |
| Potential Solutions to Organ Shortage for Solid Organ Transplantation | 23 |
| <i>Zhihan Cui</i> | |
| Proposal of Plant Material Application in Elevators | 28 |
| <i>Yunxiao Zheng</i> | |
| Analysis of the Effect of Periodontal Restoration Before Oral Restoration and Its Influence on the Quality of Patients | 37 |
| <i>Caiyun Chen</i> | |
| Application Effect of Multi-Disciplinary Team in Patients with Dangerous Placenta Previa with Placenta Implantation | 40 |
| <i>Jing PENG, Meng CHEN, Gang SU, Quan DONG, Yahan Feng</i> | |
| Effect of Humidification Oxygen Therapy with High-Flow Nasal Cannula on Blood Gas Index and Inflammatory Reaction in Patients with Severe Pneumonia Complicated with Respiratory Failure | 44 |
| <i>Sufang Zhang</i> | |
| The Comparison of Chinese Traditional Medicine and Western Orthopedics | 49 |
| <i>Zihong Yuan</i> | |
| Effect of Nanomaterials Exposure on Microecosystem: a Review | 53 |
| <i>Xiuyu Ji, Ping Zhang, Song Zhang, Le Su, Qiulin Yue, Lin Zhao</i> | |
| Preliminary Study on the Extraction and Immune Activity of Polysaccharide from Bamboo-Sun | 59 |
| <i>Gang Luo</i> | |
| Preparation, Properties and Application of Glycated Casein in Food Maillard Reaction | 63 |

| | |
|---|------------|
| <i>Ao Sun</i> | |
| Deodorization of Malodorous Gases in Garbage Source: a Short Review | 67 |
| <i>Jing Zhang, Huanzheng Du</i> | |
| Some Thinking in Diagnosing the Wandering Spleen: a Case Report | 75 |
| <i>Zhenyu Yang, Zhe Song, Ming Hou</i> | |
| Minimally Invasive Drainage Versus Open Surgical Debridement for Severe Acute Pancreatitis: a Meta-Analysis and Systemic Review | 81 |
| <i>Zhe Song, Zhenyu Yang, Ming Hou</i> | |
| Optimal Design of Cultivation Factors for Purple Pepper | 88 |
| <i>Yonglan Zhang, Lili Dong, Tingting Gao, Lihua Luo</i> | |
| Emergency Treatment Strategy and Effect Analysis of Patients with Respiratory Failure in Slow Resistant Pulmonary Acute Aggravatio | 93 |
| <i>Chen Shaoying, Chen Guibin, Zhong Zhicheng, Jiang Min, Peng Rongjie, Yan Ping</i> | |
| Exploration on the Application Effect of Optimized Nursing and Intraoperative Heat Preservation on Laparoscopic Surgery | 96 |
| <i>Huaqin Zhang</i> | |
| The Effect of Patients Receiving Targeted Nursing Care on Bladder Spasm after Electrosurgical Resection of the Prostate | 101 |
| <i>Xiaoying Liu</i> | |
| Investigation on Risk Factors of Cardiovascular Disease in Pilots and Analysis of Related Factors | 105 |
| <i>Jinlan Duan, Yunze Li</i> | |
| Overexpression of Vvcyp86a1 Improves Salt Tolerance in Arabidopsis Thaliana during Germination and Seedling Stages | 109 |
| <i>Xuenan Zhang, Yao Ge, Xue Yang, Yan Ma, Lingmin Dai, Xinjie Zhao, Ning Han and Zhen Yang</i> | |
| Comparative analysis of safety of interventional therapy for different types of coronary heart disease based on bioelectrical signals | 118 |
| <i>Zhao Zhuohua, Tian Li</i> | |
| Analysis of Bazhen Decoction in Improving the Rehabilitation Effect of Patients Undergoing Minimally Invasive Hip Joint Replacement | 123 |
| <i>Wei Zhou, Ting Liu</i> | |
| Analysis of the relationship between soil microbial ecological characteristics and soil physical and chemical properties based on molecular technology | 128 |
| <i>Mingjuan Bi, Yingying Cui, Tiantian Chen, Fushan Zheng</i> | |
| Analysis of the Total Flavonoid Content in Northern and Southern Diverse Wormwood Herb and Different Concoction Products | 134 |

| | |
|---|------------|
| <i>Kaicheng Yang, Dong Chen, Jingwei Gao, Ming Fan, Yun Zhuang</i> | |
| Application of Problem-based Learning on Monoclonal Antibody Preparation | 139 |
| <i>Wei Ye, Kai Wu, Mengfang Liu, Yixin Xu, Wenchao Yang</i> | |
| Construction of “Internet+” Medical User Portrait | 144 |
| <i>Haowei Huang, Xueyin Liu, Jinyue Cao</i> | |
| Synthesis, characterization and electrochromic properties of hybrid triphenylamine-dithiafulvene polymer films | 150 |
| <i>Yi Wang, Zhongquan Wan, Junlong Niu, Shengwei Tang, Xianghan Liu, Yuyu Yang and Chunyang Jia</i> | |
| Study on separation of aluminum-plastic composites with benzene ethanol-water method | 155 |
| <i>Lulu Zhang and Qingyi Wang</i> | |
