

Table of Contents

| | |
|--|-----------|
| Pharmacological Study of Liver Accumulation Formula in the Treatment of Hepatic Carcinoma | 1 |
| <i>Shiqing Zhou</i> | |
| Typical Correlation Analysis between Depression Level and Family Social Environment in Elderly People | 6 |
| <i>Xintong Lyu</i> | |
| Isolation and Drug Sensitivity Analysis of Diarrhea Pathogens in a Duck Farm, Chongqing | 11 |
| <i>Yangyang Qiu, Muhan Xie, Ruitong Dan, Nengzhang Li, Yuanyi Peng</i> | |
| Explore the diagnosis and treatment of avascular necrosis of the femoral head | 22 |
| <i>Cui Junsheng</i> | |
| Research on the application of cloud modeling in the comprehensive evaluation of exploration effectiveness | 28 |
| <i>Liu Hui, Zhan Weiyun, Li Haitao, Ma Hualing</i> | |
| A Review on Current Therapies of Alzheimer’s Disease and Prospects on Novel Potential Therapies | 34 |
| <i>Yuan (Eric) Xia</i> | |
| Artificial Intelligence Decision-Making: Trust Based on Understanding | 43 |
| <i>Chengxiang Wen, Jiaoyi Wu</i> | |
| Systematic evaluation re-evaluation of Kangai injection in combination with chemotherapy for non-small cell lung cancer | 50 |
| <i>Debo Xu, Dongqing Pu, Taiying Li, Yue Wu, Lingyuan Kong, Zhongqi Zhou</i> | |
| Risk factors for recurrence of GDM: A meta-analysis | 57 |
| <i>Ziyu Li, Liru Cao, Luyi Sen</i> | |
| Bioinformatics analysis of four treatments based on murine hindlimb ischemic model | 68 |
| <i>Xuelin Wang, Fei Sun, Xuelin Wang</i> | |
| Study on terahertz response of FC-40 based on microfluidic technology | 82 |
| <i>Siyu Qian, Guoyang Wang, Bo Su, Cunlin Zhang</i> | |
| Clinical Study on Rheumatoid Arthritis Treated by Combination of Traditional Chinese and Western Medicine | 88 |
| <i>Liangqing Wei</i> | |

| | |
|--|------------|
| Biology of Mycoplasma Pneumonia and Its Vaccine Research Status | 93 |
| <i>Yubo Gu</i> | |
| The Application of Traditional Chinese Wood Frame Construction Technology in Modern Architectural Design | 97 |
| <i>Yongliang Bai</i> | |
| Optimization Management and Countermeasure Analysis of Coal Mine Ventilation Technology | 103 |
| <i>Jingyu Zhang</i> | |
| Determination of Active Substance Content and Bacteriostasis in Polygonatum kingianum at Different Growth Ages | 109 |
| <i>Zhuqing Fan, Xiaoqian Bai</i> | |
| Effect of forest therapy on psychological stress and emotion of aircrew | 115 |
| <i>Nan Li, Lina Wen, Xue Chen, Hang Ren, Guang Zhao</i> | |
| Explore my country's new type of coal chemical technology innovation application and strategic analysis | 120 |
| <i>Hongze Wu</i> | |
| Research on the Application Effect of Artificial Intelligence Electronic Medical Record Quality Control Technology | 125 |
| <i>Jue Wang</i> | |
| Research on the technology of roadway tunneling support technology in coal mining engineering | 128 |
| <i>Xuewen Chen</i> | |
| Investigation and Analysis of the Current Situation of Geothermal Resources Exploration and Exploitation in Yuncheng, Shanxi Province | 134 |
| <i>Lijun Dong</i> | |
| The role of intelligent transportation in the development of green transportation | 140 |
| <i>Jianping Guo</i> | |
| Analysis of highway engineering construction technology management and maintenance method | 146 |
| <i>Jilin Zhang</i> | |
| The Research Progress of Self-healing Polymer Hydrogels in Biomedicine | 151 |
| <i>Jiayu Zhang</i> | |
| Meta-analysis of the effect of pain education and nursing on relieving cancer pain in cancer patients | 156 |
| <i>Tingting Wu, Li Qiao, Lingjun Li, Chen Chen, Haiping Yu</i> | |

**Synthesis of Gold Nanoparticles From Ginkgo Biloba Extract and Its Antitumor Effect
on Nasopharyngeal Carcinoma Cells in Vitro**

161

Junfeng Guo, Qiong Yin, Qiang Fu
